GREETING.

The Indiana State Normal School is organized for the purpose of training teachers—those who go out to mold the character of the rising generation in Pennsylvania. With such a purpose in view and attracting students who will receive grave responsibilities, this school cannot fail to have high, noble and inspiring ideals that will urge one to bend all efforts to secure what is best and most worth while in life.

You, as students, come here in the most formative stage of your career and now face the greatest crisis of your life. It is for you to decide whether or not you take advantage of the opportunities here offered to develop your faculties. For your own sake, for the good of the school, and for the advantage and gain of the world in general, we most sincerely hope that you have some purpose in life—that you intend to be somebody and do something. If you do not, you will not make a success here or anywhere else.

We most heartily welcome you all with best wishes for your future success and happiness. To aid you in all your endeavors you will find none more willing than the officers and members of this association.

GENERAL INFORMATION ABOUT THE SCHOOL.

The Indiana Normal School is a state institution kept up by the State of Pennsylvania. All students seventeen years of age may obtain free tuition by signing papers promising to teach two full terms after graduation.

On the first floor of John Sutton Hall is located the Book Room, where students may obtain stationery, athletic goods, fine candies, pennants, etc., at little more than wholesale prices. Books such as are used in the several classes may be had for a small rental fee.

The Library is situated on first floor of Sutton Hall. It is well filled with all the latest periodicals, magazines, fiction, encyclopedias, dictionaries, books on history, art, science, philosophy, logic, etc. The Library is well catalogued and indexed. A librarian is in charge at all times to help find materials and to enforce the rules.

Owing to a few cases of sickness at times, the school is fitted with a most up-to-date Infirmary, in charge of a trained nurse and two assistants. It is supplied with separate wards for boys and girls. The care received in this Infirmary really makes one desirous of getting sick at school. For contagious diseases the school is furnished with a hospital, in charge of

a competent nurse. These conveniences, together with the high altitude, good water and beautiful grounds make I. S. N. S. one of the most healthful schools in the country.

Normal Park is a small grove of about two acres in extent, due north of Sutton Hall. Here the boys may meet at certain hours and have their confidential chats. There are also excellent tennis courts in the grove, making a delightful place to play mixed sets.

The Athletic field adjoining the grove is said to be the best in Western Pennsylvania. Large and level as a floor, it makes a fine field for track, baseball and football. There are also two tennis courts for the boys here.

Leonard Hall, situated between Sutton Hall and the Model School, built in 1904, is equipped with all the latest modern improvements a building can have for class recitation. Here all classes meet.

Wilson Hall, just north of Leonard Hall, built in 1873, is commonly called the Model School. It is here that the Seniors receive their training in teaching. A regular school is carried on just as in a graded school.

Silas M. Clark Hall, known as the boy's dormitory, built in 1906, is fitted with seventy-four well-furnished rooms, all large and well lighted. Y. M. C. A. room on first floor, shower

baths, gymnasium, etc., in the basement. The building consists of three main halls, the boys on each hall being governed by a professor, and they in turn receive their instructions from a competent and experienced preceptor, who looks after the physical training of the boys in a masterful way.

John Sutton Hall, the oldest and largest of all the school buildings, is the home of the girls. This building is finely furnished, having on the first floor a recreation hall, red room, blue room and green room, which add to the social life of the school. On second floor are the two society halls, chapel and the Y. W. C. A. parlor.

The Conservatory and dining room building, commonly known as Thomas Sutton Hall, built in 1904, serves as an excellent building for these purposes. It is connected to John Sutton Hall by the annex part of the girl's dormitory, built in 1909. Here the rooms are fitted up in suites for which a special fee is charged.

YOUNG MEN'S CHRISTIAN ASSOCIATION.

The Young Men's Christian Association has proved its value as a focus of spontaneous spiritual life and activity. The uniform testimony of all the students who lay themselves open to its influence is that it is in every way helpful.

Membership.

The active membership consists of students or members of the faculty who belong to some evangelical church. The associate members consist of students or members of the faculty who are in sympathy with the work of the association. Each student is assessed twenty-five cents for each term.

Meetings.

Prayer meetings are held regularly each Thursday and Sabbath evening from 6.30 to 7.15. Most of these meetings are held in the Y. M. C. A. room in Clark Hall. The first meeting will be held in the fall on Thursday evening, September 14, 1911.

Bible Study Groups.

A knowledge of the Bible is a very valuable addition to any student's education because of its great moral

and spiritual truths, its literature, its ethics, its laws and its history. No student's education is complete without a study of this great Book. Group classes will be held in Clark Hall each Sunday at such hours as suit the members of the class.

Mission Study.

Every Christian is more or less deeply interested in missionary movements. A knowledge of the work of missionaries, their lives, and the conditions under which they labor will give to a man in the ordinary walks of life an appreciation of his natural surroundings and an insight into the problems of his every day life.

A course in mission study will be taken up during the winter term.

Social.

A social will be held the first week of each term in order that the old and new students may meet each other.

FINANCE.

The Y. M. C. A. is supported by the students and during the school year entertainments are conducted for the benefit of the Association. The following budget has been adopted for the year 1911-1912:

CHAPEL SERVICES.

Chapel services are held in Normal Chapel daily at 10.15 A. M. except on Sundays and Mondays when services are held immediately after dinner. These services are conducted by members of the school faculty. All students are expected to attend chapel.

THE STATE CHRISTIAN ASSOCIATION.

The local association is supervised by the State Association. This association has its headquarters at Harrisburg. Its function is to organize new associations and act as an advisory board to the associations in the state. It keeps constantly in touch with the associations throughout the state and tries to help solve the problems of each association.

THE NORTHFIELD SUMMER CONFERENCE.

The association sends from six to eight delegates each year to the Northfield Summer Conference. This conference is held during the latter part of June at the home of Dwight L. Moody who instituted it in the year 1886. Its purpose is to obtain missionaries for foreign fields, and to bring the students into closer fellowship with Christ.

All the girls at Indiana board and room in the school dormitories, excepting those who stay with relatives in town, and such girls as wish to board themselves. There have been during the term just passed about seventy-five girls who have boarded themselves, rooming in homes where this privilege may be obtained.

The chief dormitory is John Sutton Hall, which accommodates between four and five hundred girls, with rooms varying in furnishings and price. The school also maintains the following rooming cottages, located near the campus, with rooms for from seven to sixteen girls, each cottage presided over by a teacher. Clarence Hall, Smith Cottage, Spencer Cottage, Lang Cottage, Garman Cottage and Russell Cottage. Many of our girls prefer the cottage life because of the home atmosphere to be found in the smaller groups. There are also a few attractive rooms in Thomas Sutton Hall, which are usually occupied by music students.

All girls are under the direct control of the Preceptress, Miss Jane E. Leonard. Miss Leonard makes all

general regulations and grants all general permissions. Certain teachers have charge of groups of about fifty on the corridors, and have control so far as the life on the hall is concerned. The Preceptress meets all the girls at least once a term to explain to them the regulations of the school. This is a most important meeting for new girls. Rooms are assigned at the end of each term for the following term. Preference is given to upper-class girls and those longest in attendance. All changes are made with the consent of the Preceptress.

Miss Leonard has adopted the following office hours:

Week Days.

7.30 A. M.	to	10.00 A. M.
3.30 P. M.		
6.30 P. M.	to	8.00 P. M.

Sundays.

10.00 A. M.

Students will please call during office hours, and not knock on the door at other times.

The school day is from 8.00 A. M. to 3.30 P. M. From 3.30 P. M. until 6.00 P. M. the girls are free to leave the campus without a chaperon. Monday

is our holiday. The evening study hour is from 7.15 P. M. to 9.45 P. M., lights out at ten o'clock. On Monday the girls observe study hour from 10.00 A. M. to 12.00 M. Church attendance is required on Sunday Morning. Girls may study in their rooms, in the library, or in warm weather on the East Campus. The Green room, Blue room and Red room are used for study during the day by girls rooming outside of the main dormitory only.

Dancing is permitted for a half hour after lunch and after dinner. On Saturday evening the young men may dance until eight o'clock.

The following sororities have been organized among the girls:

Local.

Phi Kappa Pi 1902.

Phi Delta Phi 1910.

Gamma Pi Beta 1911.

National.

Pi Kappa Sigma 1909.

Alpha Kappa Phi 1910.

All the girls are required to take Physical Training regularly during the Winter term. For the rest of the year it is optional. A basketball team is chosen in the Fall from the most promising candidates. Girls from all classes may try for the team. Games

are played with high schools, normal schools and colleges. Last season Indiana won the championship of Western Pennsylvania and Eastern Ohio. Girls who represent the school on the basketball team are permitted to wear the school "I."

A tennis tournament is held each year, in which any girl in the school may play. In the tournament held this year among the Normal Schools of Western Pennsylvania, Indiana captured the School cup, our girls winning girl's singles, and the mixed doubles. All girls' sports are under the supervision of Elisabeth K. Eyre, Physical Director.

SOCIETIES AND CLUBS.

There are two literary societies in the school: the Huyghenian and the Erodelphian. These societies afford valuable training and all new students should join one when they first enter the school. The societies hold an annual contest, generally in the Winter term.

To men who desire more training in debating and public speaking than can be secured in the societies, the Lin-

coln Debating Club, organized in 1909 by Prof. A. K. Heckel, now of University of Pennsylvania, offers splendid opportunities. The membership is limited to fifty. The club gives an annual social and holds an open meeting in Chapel each term. It also hopes to hold debates with other schools. The initiation fee for each of the three literary organizations is one dollar.

The Allied Arts Club is largely composed of students interested in music and drawing. The club holds regular meetings at which topics connected with these subjects are discussed, musical numbers are rendered, etc.

The Madrigal Club is composed of a number of girls who study vocal work under Miss Cogswell's leadership.

The Boys' Glee Club under Prof. Cogswell's direction offers a splendid opportunity for practice in part singing to boys with good voices.

The Indiana Choral Society, composed of about one hundred of the best voices from the Conservatory and from town, has given two annual music festivals.

The boys are planning a Y. M. C. A. Glee Club to improve the quality of the singing at the meetings and afford entertainment at other times.

Two fraternities, the Delta Phi Sigma, whose local branch organized in 1908 and the Omega Chi, a national organization, established in 1909, have chapters in this school.

SONGS.

Alma Mater.

Words and music by Mrs. E. D. T.
 Cogswell.

To our noble Alma Mater's name,
 We her children sing a joyful lay,
 And to her a new allegiance pledge,
 That lives beyond a day.

A prayer for her who sheltered us,
 A hope no child her name shall stain,
 A cheer thrice giv'n with hearty voice,
 And now the sweet refrain.

Chorus.

Sing! Oh Sing; our Alma Mater's
 Praise,
 Hail; Oh Hail! her color's gleaming
 hue,
 Give to her our homage and our love,
 And to her name be true.

Field Song.

Kiski won't shine to-night, Kiski
won't shine,

Kiski won't shine to-night, Kiski
won't shine,

Kiski won't shine to-night, Kiski
won't shine,

When the sun goes down, and the
moon comes up,

Kiski won't shine.

Normal will shine to-night, Normal
will shine,

Normal will shine to-night, Normal
will shine,

Normal will shine to-night, Normal
will shine,

When the sun goes down, and the
moon comes up,

Normal will shine.

Athletic Song.

Capt. ——— and his fast men

Will run up the score,

Run up the score, run up the score-

Run up the score, run up the score

POINTERS FOR FRESHMEN.

The quotations which will be found at the top of the several pages are little gems and helps to aid the Freshman in his conduct and work at the school. A great many of our students have profited by them for they are the result of the experience of the older students. Always bear them in mind. Apply them to your work and success will be yours.

One test of a fellow's wisdom is
his choice of companions.
